Jerome Haynes
Frontend Engineer
New York, NY | (332) 280-9092 | info.devrome@gmail.com | Linkedin | Github | Portfolio

SUMMARY
Results-driven Frontend Engineer with experience building responsive UIs and working with modern web frameworks. Proven ability to deliver projects on time while handling complex application requirements. Skilled in React, JavaScript, HTML, and CSS, with a strong focus on clean architecture and maintainable code.

WORK EXPERIENCE

Glassdoor - Front-End Software Engineer Intern, Remote
05/2025 – 08/2025
- Migrated core UI modules (Left Rail & Right Rail) on the Glassdoor Employer Profile by migrating to Next.js App Router, React, and TypeScript, delivering new features such as *Joined Bowls, Company Bowls, Careers, and Careers Advice*.
- Developed and documented reusable UI components in Storybook, improving design consistency and developer efficiency.
- Integrated GraphQL data fetching for efficient, type-safe queries, reducing API errors and improving data reliability.
- Implemented unit tests with Vitest, increasing test coverage and ensuring maintainable, high-quality code.

The Hero Company (via Upwork) - Jr. Developer (Frontend), Remote
03/2024 – 09/2025
- Authored and maintained 20+ responsive websites using modern frontend stacks, increasing secure payment's validation rates by 10%.
- Maintained site security & performance by utilizing MySQL Workbench and managing SSL renewals, reducing security vulnerabilities.
- Utilized MySQL Workbench for data analysis and frontend updates, while managing SSL renewals to maintain site security and optimize site performance.

Freelance Web Developer (Self-Employed), Remote
01/2018 – 09/2025
- Developed 15+ websites for e-commerce, small businesses, personal sites, and other projects using HTML, CSS, JavaScript, React, Tailwind, and WordPress to enhance user engagement and increase conversion rates.
- Achieved Top Rated Plus status and 100% Job Success Score on Upwork by delivering high-quality work, clear communication, and well-defined project scopes.
- Improved revenue and trust by implementing secure payment gateways and providing detailed website documentation, leading to a 10% increase in sales and enhanced user experience.
